“ *Mother's Day weekend 2011. You spent the whole weekend with us. I brought you and Jakob to celebration station. We ate pizza and ice cream Road go carts, played arcade games then we went back outside and rode go carts some more. I remember watching you zoom around the track, smiling ear to ear. In the moment all that mattered was the wind in your face.*

We traded our tickets in for small prizes. Walking to the car and Cody says it's Mother's Day we should've got you flowers or something. We're supposed to be spoiling you not the other way around. I just smiled and hugged both of them. I told them watching them have fun was me having fun & that this had been one of the best Mother's Day ever! When we get home I tell the boys to come into the kitchen for a snack. Cody was the first one asking what are we having? I said pineapple, I now laugh as I remember you saying is that it??? As I pull the fresh pineapple out of the refrigerator, you tell me I've ate it from a can but not like this? We sliced it up eating it entirely. Laughing and just having a good time. I'm sorry our visits weren't more. Fly high little Buddy! Your Wings Were Ready, My Heart was not. We love you forever more!
