“ *Moma D I just want you to know that you definitely imprinted on my life. From the time that you met me and called me your "Dewgie Baby" my life was forever changed. Thankyou for just being you and trusting me to take care of your babygirl. She will always be first priority and looking at her I will always remember you. Fly high with your angels... Love you "Dewgie Baby"*

DF

We started out as sister n laws. Building a friendship that would span most of adult lives. Raising our kids together, being silly, eating hersey kisses and talking on the phone for hours on end. We leaned on each other when needed and encouraged each other daily. Life may have changed a few things, But to me you will always be my BFF. And the memories are safely tucked in my heart. RIP, THE OTHER DEBBIE.
