“ I have worked with Donald through the years. He was a very good Carpenter. He trained some of the young guys that are building today. When we all finished high school and didn't really have a full time job yet. We all had motocross bike and would meet up at my house including Donald at the Williams place and go riding in the woods from Cane Market toward Pine Grove. There was so much free roaming woods back then and it was much fun. May Donald rest in Peace, Carl Williams and family.
