Jack was a lifelong resident of Colyell and retired from Weyerhaeuser. He was a longtime member of Life Church in Walker, Louisiana, and loved to work at his church helping others. “ To Ms. Linda and the Taylor family. Today, for some reason, my mind went to the thought of you both and your property in Kentwood. To refresh your memory I handled the insurance claim you submitted for some water damage quite a few years ago. I retired in 2020, but of all the thousands of claims I handled I remember you all well. You both treated me very kindly and I so admired your relationship, lifestyle and gracious treatment of me and everyone involved during what had to be a difficult time in your life. Jack and I visited in what I recognized to be his ‘man cave’ or barn as others might call it. He shared with me some of his engineering ideas about pressurized water regulation, his decision to buy the blue tractor (brand escapes me), wood working, agriculture and just stuff a younger man appreciates hearing from an older and wiser gentleman. I really liked Jack and it goes to show how just one meeting or interaction with a person can be nicely impactful. He was a really neat and nice man. I will always remember you both and I am sorry for your loss.

Regards  
Mike

“ A truly free hearted person. Same free heart as Pawpaw Shelb...  
Tell the Angels that "Taylor Machine has come home."
