“ Be assured of my prayers for you as you grieve the loss of your beloved mother and grandmother. Judy and I studied institutional administration and dietetics together at USL in Lafayette. She was very bright and also beautiful. She graduated a year ahead of me, but several years after our internships, we re-connected when we both relocated to Baton Rouge. I lost track of her as our careers took us in different directions, but when I saw her picture and obituary online, I was saddened. She was an extremely gracious and caring person, who loved her family.
Peace.

I happened to stumble on this today. Judy was a great boss lady and fun to be around. She loved her daughter and son. Her world was all about them. I am saddened that we lost track of each other and wished to send my condolences to Susan, John and Nancy.
